

I Maliry Gonzalez Harbor Industrial's Supervisor along with PAIL William Alvarez told our Firewatch Cynthia Gary to stay in the space that I showed her and to not go inside the other space located after the filters. I then went to the other side of the space to get the other workers ready and when I went to look for the mechanic Luis Rosario to verify the adjacent space is when I ran into the situation with our firewatch not responding. Immediately I notified it to my supervisor James Marschall, to the mechanic Luis Rosario and to the Quarter Deck.

I was very clear when I told the Firewatch Cynthia Gary to no go into the other space on the other side of the filters.

Yo Maliry Gonzalez - Supervisor de la
compañía HIS en conjunto con el PAIL William
Alvarez le dije a la firewatch Cynthia Gary
que se quedara en el espacio que le ubique
y que no entrase hacia el otro lado después
de los filtros. Me fui a otro lado a
setear a los otros muchachos y cuando
busque al mecánico Luis Rosario y para
verificar el adyacente space. y hay fue
cuando me topé con la situación de la fire-
watch no respondiendo. Rápido notifique a
James Marshall y al mecánico Luis Rosario
notificando al cuarter Deck.

Fui muy específica al decirle a la
firewatch que no pasara al otro lado después
después de los filtros.

I Maliry Gonzalez supervisor of HIS together
with the PAIL William I told the firewatch
Cynthia Gary to stay in the space that
places it and that it will not enter the
other ~~space~~ side after the filters. I went
to the other side to set up the other
guys and when I looked for the mechanic
Luis Rosario to verify the adjacent space,
there is when I ran into the situation
of the firewatch did not answer.
Quickly notify James Marshall and the
mechanic notified the Quarter Deck.
I was very specific when I told the
firewatch not to pass to the other side
of the box after the filters.

Today Monday March 15, 2021 I William Alvarez was working as the PAI with Blue Staffing Agency. In the morning I showed and told Cynthia Gary to stay in the space she was going to be working at as a firewatch. I told her she did not have to go into the space located on the other side of the space. That she could Firewatch from the space I told her to stay at. She said that's fine. I went to another space and then went by her and she was seating down, and I asked her Cynthia are you ok? And she answered yes, I am fine. I said good and I went to another space. When I got back, I saw our Supervisor Maliry and the mechanic Luis talking. When I looked into the space Cynthia Gary was inside the other space and I said I told her not to go into that space. I touched her and told her what are you doing in here and she was not responding. I said please notify Navy personnel and to call an ambulance. Everything happened around 7:40 or so I do not remember the right time.

Hoy día Lunes 15 de marzo del año 2021 yo William Alvarez tengo el puesto de PAI con la compañía de Blue Staffing por la mañana. Puse a Cynthia Gary en el espacio que iba a trabajar de FW. Le dije que no tenía que entrar en el espacio del otro lado del espacio que podía hacer de FW donde ya le dije y me dijo estaban fue a otro espacio y pase por donde ella y estaba sentada y le pregunté Cynthia está bien y respondió sí estoy bien. Le dije que bueno y a otro espacio cuando regreso estaba la supervisora Maliry con el mecánico Luis estaban hablando y cuando miré ella estaba metida allí y dije pero le dije que no entrara. La toque y le dije que haces acá y no respondió y le comunicaron a la sede del Navy y llamaron a la ambulancia. Eso pasaba como a las 7:40 más o menos no recuerdo bien.
